

## Join the Small Cell Zone at MWC 2015

The **Small Cell Zone** is the place to discover how our members are accelerating small cell adoption to **change the shape of mobile networks** and **maximize the potential of the mobile internet**.

**Small Cell Forum** will be taking our usual place in Hall Seven at **MWC 2015**. As in previous years, the stand will host **leading companies and innovators** within small cell development.

Our **members have the opportunity** to use the stand to **showcase their latest products, innovations and deployments**.

The **speaker program** includes **operators, analysts, vendors and members**.

### Key benefits

### Sponsorship options for members

This year, to suit the different needs of different member companies, we have created **two sponsorship options**.

#### Premier Sponsors

For organizations that have a small or no presence at the show and would like to use the stand as more of a base.

- Two speaking slots
- Multiple show passes
- Minimum of five hours of meeting room time [to be pre-booked over four days]
- Visibility on the stand via logos, literatures and video content
- Guest blogs on smallcellforum.org
- Attendance at operator reception
- Represented on the Small Cell Zone Map
- Product/Service Video
- Opportunity to display products on stand
- Promotion through all SCF channels

**Cost £8000**

Limited to six places

#### Supporting Sponsors

For organizations that already have a presence at MWC15 but still want to promote their relationship with Small Cell Forum.

- One speaking slot
- One show pass
- Visibility on the stand via logos, literatures and video content
- Guest blogs on smallcellforum.org
- Attendance at operator reception
- Represented on the Small Cell Zone Map
- Product/Service Video
- Opportunity to display products on stand
- Promotion through all SCF channels

**Cost £5500**

*\*Costs plus VAT at current Spanish rate*

Open to Small Cell Forum full members only

Booking deadline  
**12 December 2014**
