

Small Cell HetNet in Worlds Largest Building

"This strategic engagement with Nokia Networks proves that our infrastructure is already at the next level – strengthened and equipped to deliver superb performance in the face of the data deluge on wireless networks." Bu Tong, General Manager of Network Department, China Mobile Shanghai

- TD-LTE Advanced HetNet enables China Mobile's network at Auto Shanghai 2015
- Nokia Flexi Zone small cells complement Flexi Multiradio 10 Base Stations, with each supporting a phenomenal 600 simultaneous active TD-LTE users per cell
- China Mobile delivered immaculate service experience for users attending the event in the world's largest building, the China Expo Complex

China Mobile supports 1M visitors in world's largest building at Auto Shanghai 2015 with Nokia Networks Small Cells
