

High Speed Connectivity at the NASCAR Superspeedway

13x Flexi Zone Micro inside Truck

"...Sprint's 2.5 GHz spectrum is a great match for the Flexi Zone small cell solution Nokia offers. Following the RF optimization, our 2.5 GHz LTE-TDD performed like a champ, with downlink speeds on race day averaging 24Mbps" **Mark Walker, Director at Sprint for Network Operations**

Sprint delivers crowd pleasing performance at Talladega Superspeedway using Nokia Flexi Zone small cells
