

Super Connected MWC 2016

A Smart Exhibition Hall enabled by LampSite2.0 and Service Anchor

The Venue:

- Fira Barcelona Hall 1/3/6
- 100,000+ visitors during MWC 2016
- Total Area : 88,000 square metres

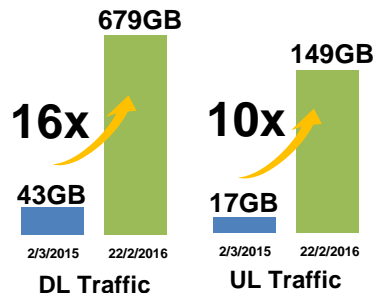

The challenge:

- Strict solution design, forbid external accessories
- limited completion time, less than 1 month
- no impact to installed 2G & 3G system

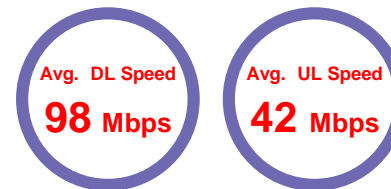

The Solution:

Complete 3 Halls 88,000 m²
Within 1 month with
Lampsite2.0

Digital service enabled by Service Anchor
makes in-building business more
attractive

Vodafone rapidly deploys connectivity for MWC16 using Huawei
Lampsite2.0 with business analytics from Service Anchor
